## Chuck Gallagher's Introduction

Ethics in sports is a serious matter, but talking about it doesn't have to be "dull, boring and business as usual." Long ago Chuck Gallagher learned a lesson about ethical choices and consequences the hard way, now he shares his experience so others don't have to.

You may have seen Chuck on television, or heard him on CNN, CBS or NPR radio programs in addition to his own syndicated radio program. He has presented to athletes, teams, associations and virtually every type of business connected to sports. His sports ethics insights are sought after for his strong position on ethics and ethical leadership in sports whether collegiate, professional or sports associations. His unique presentations clearly demonstrate he brings something to athletes, and associations that aren't found in those typical, boring lectures.

Described as creative, insightful, captivating, and a person that "connects the dots" between behavior, choices, ethics and success, Chuck Gallagher gives his sports ethics clients what they need to turn concepts into actions and actions into results.
